**Clarification of News Report**

We write in response to your request for clarification and/or confirmation of the news article entitled "SMC unit to complete expansion in '17" published in the June 16, 2016 issue of Inquirer.net. The article reported that:

"The food and beverage arm of conglomerate San Miguel Corp. will complete by next year a P52-billion expansion program, riding on buoyant local consumer demand.

In an interview after SMC's annual stockholders' meeting on Tuesday, SMC president Ramon S. Ang said San Miguel Pure Foods Co. Inc. had invested heavily in boosting capacity in flour milling, feed milling and the food business lines.

For flour milling, Ang said Pure Foods had added 1,200 tons in daily production capacity from 1,600 daily previously.

Pure Foods is also adding seven feed milling facilities producing 500 million tons, creating 3.5 million tons of additional annual feeds production capacity, Ang said. Asked whether the local market would be able to absorb this additional capacity, the SMC chief said even with the expansion, Pure Foods would be able to corner only 37 percent of the market share.

....

'All of that expansion will cost P52 billion. It will be completed by next year,' Ang said.

...."

We confirm that the statements of Mr. Ramon S. Ang that the Company's P52-billion expansion plans or programs will be completed by next year, are accurate. The completion of construction of the projects will be over the next five years.
